ABOUT ME

Passionate IT enthusiast dedicated to innovation and proactive problem-solving. Proficient in MERN stack, DSA, and various technologies, with hands-on web development experience. Committed to continuous learning, I excel in dynamic environments, backed by internships and project work. As a software engineer, fluent in English and Tamil, I bring versatility and effective communication to every endeavor.

SKILLS

Coding Platforms: LeetCode | Skillrack | Geeks For Geeks.

Technical Skills: Java | Git | Html+ Css | JavaScript | React.js | Node.js | MongoDB | Express.js | Bootstrap | Ionic | Tailwind | Json | Api.

Tools Known: GitHub | Postman | Insomnia | Firebase | Docker | IntelliJ IDEA | Visual Studio Code | Npm | MapBox api | Microsoft Teams.

Languages Known : English, Tamil.

INTERNSHIP EXPERIENCE

Angular Development Internship

Jan 2024 - Feb 2024

Shocals Enterprises

- Skills Learned : Angular , Ionic , PostgreSQL , Nest.js.

Web Developer Internships

NinjaBytes

Dec 2023 - Jan 2024

- Skills Learned : Node.js, MongoDb , Express.js , Jsx , PostMan.

TechnoHacks EduTech

Jun 2023 - Jul 2023

- Skills Learned : Html , Css , JavaScript , React.js , Bootstrap.

PROJECTS

- **Web Development Projects :** Developed a diverse **portfolio** of interactive projects showcasing web development skills. Created visually appealing interfaces using HTML, CSS, and JS, featuring innovative web applications like a **News Reader App**, **Movie Search App**, and **Weather App**. These projects impress visitors with elegant design and responsive layouts, demonstrating technical proficiency.
- **Authentication Page:** Implemented a MongoDB Cloud-based authentication system with login/logout features, ensuring secure data storage and a seamless user experience, using Express and Node.js. Leveraged modern web technologies to create a robust solution for user authentication and authorization.
- **Food Delivery App :** At Shocals Enterprises, I am actively involved in developing a Food Delivery App utilizing Angular, Ionic, PostgreSQL, and Nest.js. Our team has successfully created the foundational framework for the app, integrating robust technologies to streamline the ordering and delivery process for users.

CERTIFICATES

IBM Full Stack Software Developer Professional Certificate Coursera

Nov 2023

Fundamentals of Network Communication Coursera

Nov 2023

Introduction to Java Coursera

Mar 2023

EDUCATION

B.Tech (Information Technology), St. Joseph's College of Engineering

Expected Graduation: 2025

CGPA : 8.081 (as of semester 5)
